Classroom Notes:

Everyday Mathematics:

Need ideas for home practice? Practice adding 10 and subtracting 10 from a 2-digit number by asking, "What is $20+10$? $20-10$? $35-10$? $35+10$? $47+10$? $47-10$?" Also, practice skip counting by 5s and 10s past 120! Try to make it to 200!

Don't forget to come to the second BUSD Math Night on Oct. 13th (7-8pm) at Robert Semple Elementary School for more info on our newly adopted math program! ☺
